

Dear Parents,

Students need to bring their own laptop next school year. You can buy a laptop from anywhere, as long as it meets the minimum requirements. Please check dealer websites regularly as sometimes they have special offers. They also give you the opportunity to pay in installments. Here are some suggested dealers:

www.elgiganten.dk

www.power.dk

<http://shop.produktivt.dk>

	Laptop
Size and weight	1.6 kilo or below preferred to be classified as an "Ultrabook" that can be easily carried; Size: 13.3" size preferred for most people. No more than 15 inches at the most; the smaller, the lighter the computer will be. Has to be a readable screen, so 12" is the absolute minimum.
Screen Size	12 inches or more
Processor	Intel i3 or i5 preferred, as these use the least amount of battery power
RAM (Memory)	4 GB or more
Hard Drive	SSD (Flash) or SSHD (Hybrid) required
Wireless	802.11AN or 802.11AC - the "A"-part is important, meaning dual-band Wi Fi, both 2GHz and 5GHz radio.
Warranty / insurance (Highly recommended)	Damage protection insurance

Required Software

All students should have Microsoft Office installed in their laptops. (also available from <http://www.shop.produktivit.dk>)

Recommended free software installed after purchase

Important – remember to go through the registration process, to register the serial number of the computer in Your name.

Laptop/Mobile location tracking (recommended) :

- For Mac users signup for an apple account <https://www.icloud.com/> and enable Find My Mac

Adobe Reader: Available for free at www.adobe.com/download

VLC Player: Available for free at www.videolan.org/vlc

Antivirus: Either Microsoft's own, or one of the other free ones,
One example is <http://free.avg.com>(Remember to install basic (free) version, not full)

ØIS works with an IT company called Produktiv IT and they have good offers for the interested parents. Please check their website.(in Danish)
